About this Report::

This report summarizes fall enrollment for Wayne State University. This report uses the Registrar's enrollment data as the fall census date.

Definitions

Credit Hour—A credit hour is defined as one class hour per week or its equivalent.

First Time in Any College (FTIAC) - A full- time or part- time student attending any institution for the first time. Includes students enrolled in the fall term who attended a postsecondary institution for the first time at the same level in the prior summer term. Also includes students who entered with advanced standing (college credit earned before graduation from high school).

Full Time Student (Fall/Winter Semester): A student at the following level must be enrolled in the following amount of credit hours per term, regardless of the level of the course: Undergraduate, 12 or more credit hours; Graduate, 8 or more credit hours; Professional (excluding Medical students), 10 or more credit hours; Medical 24 or more credit hours (per Medical year).

Full Time Equivalent (FTE) Students (using fall student headcounts): The number of FTE students is a calculation based on fall student headcounts as reported to IPEDS. The FTE for part time students is calculated by multiplying the part time headcount by a factor determined by student level and added to the full time student headcount to achieve a full time equivalent headcount.

Graduate Student—A student who holds a bachelor's or first professional degree, or equivalent, and is enrolled in a graduate program.

Headcount (Enrollment)—Number of students enrolled at the institution as of census date of the term, the tenth day of classes. Each student equals one headcount, regardless of the credit hours taken.

Non-Resident Student—A student with a legal residence outside of Michigan.

Professional student-- A student enrolled in either the Medical Doctor program, Doctor of Pharmacy program, or Juris Doctor program.

Resident Student—A student having a legal residence in Michigan.

Transfer Student—A student entering the reporting institution for the first time but known to have previously attended a postsecondary institution at the same level, e.g. undergraduate, graduate and has earned credit at that institution.

Undergraduate student—A student enrolled in a bachelor's degree program or post-bachelor certificate program; includes non-degree-seeking students who do not have a bachelor's degree.
